

## How to Share Cases with Partners

Go to the PATH case you wish to share.

Once the case is open scroll down to the add new comment area. Click the **“Share Case With Partners”** button.

The screenshot shows a case page with a comment section. A red arrow points to the 'Share Case With Partners' button. The page includes a 'Print Case' button and a 'Forward Case' dropdown menu.

TAMC CLINICAL USERS					REMOTE CLINICAL USERS				
Dept	Specialty	Name	Org	Last Viewed (# of views)	Dept	Specialty	Name	Org	Last Viewed (# of views)
General Medicine	Test TAMC Provider	Test, TAMCProvider	Tripler Army Medical Center	01/31/2014 7:38 AM HST (2)					

A new window will appear where you can select the users to send the case to. You can type in the user's name and/or specialty to quickly find the user or simply scroll down the list. Click the user's name to select it and then click the **Forward & Return to Case** button. Multiple users can be selected.

The screenshot shows the 'Forward Case' dialog box. The title is 'Please select the provider(s) you want to add to this case.' The 'Filter Users:' field contains 'carpenter'. The 'CLINICAL' section shows a table with columns: Department, Specialty, Last, First, and Organization. The 'AIR EVAC' section is empty. The 'Selected Users' list contains 'Carpenter, Rohan'. The 'Comments:' field is empty. The 'Forward & Return to Case' button is highlighted with a red arrow.
